Laundry Guidelines

- Used linens will be put in laundry bags on Sunday mornings around 8:00 AM when the neighbors depart the church. The used laundry should be in the center of the RITI sleeping room (the Rainy Day Room) which should be left unlocked. If you do not see the bags of used laundry, they may have been left in the RITI linen closet, but overnight hosts know it's best to leave the dirty laundry in the center of the room. If you cannot pick up the linens on Sunday, try to get them to laundry no later than Wednesday.
- If needed, keys to unlock the RITI linen closet are located in the RITI lockbox. Talk to the month captain or overnight host about those keys.
- Linens can be carried through the outside door to the Rainy Day Room and up the steps right to your car if you use the parking lot on the Selwyn side near the staff entrance.
- Take the soiled linens to the Howard Johnson Hotel on Woodlawn, on the right (Wallingford Street) just past IHOP, shortly after crossing over South Blvd. Pull up to lobby entrance. Laundry is double door just to the left of lobby. If door is unlocked, go in and place soiled linens in bags in one of the bins to the right.
- Pick up clean linens in plastic bag(s) which should be waiting for you under long table on left side on a shelf underneath. If there are any questions please ask the front desk or Ms. Bettia Hill head of housekeeping for the hotel.
- Return clean linens back to church and put inside linen closet or in RITI Rainy Day Room.
- If there are any questions or problems, call the RITI coordinator or month captain. Return any linen closet keys.
